### The Multimedia Educational Resource for Learning and Online Teaching – MERLOT ([www.merlot.org](http://www.merlot.org))

#### Announces the 2007 MERLOT Awards for Exemplary Online Learning Resources

This program recognizes and promotes outstanding online resources designed to enhance teaching and learning and to honor the authors and developers of these resources for their contributions to the academic community.

Each of the MERLOT Editorial Boards selects an outstanding resource from its discipline to receive the **MERLOT Classics** award. The Editors' Council, composed of the editors of the Editorial Boards, further reviews the Classics awardees and selects among them the resource or resources they consider to be exemplary models for all disciplines. These resources receive the highest award of honor, the **MERLOT Editors' Choice** award. The winners of the 2007 Editors' Choice award and the 2007 Classics award were honored with a ceremony at the 2007 MERLOT International Conference, held August 7-10th in New Orleans, Louisiana.

#### **Biology**

*e-Skeletons*

**John W. Kappelman, Jr.**

(University of Texas - Austin)

#### **Business**

*Guide to Financial Statements*

**Arthur Downing**

(Baruch College)

#### **Chemistry– Editors' Choice**

*VR Molecules*

**Mark Couture**

(Télé-université)

#### **Faculty Development**

*Access eLearning*

**GRADE Project**

(Georgia Tech University)

#### **Health Science**

*Assessing Blood Pressure*

**Scott Barker, Danny Mistry, & Andrew**

**Winterstein**

(Cal State – Chico; University of Wisconsin)

#### **History**

*Raid on Deerfield*

**Pocumtuck Valley Memorial Association**

(Memorial Hall Museum)

#### **Information Technology**

*Camtasia Tutorial*

**Michael Fimian**

(Kaplan University)
